## Scam Alert - Beware Of "Can You Hear Me?" Robocall

Scammers never seem to run out of ways to steal your money, and now they're using your own voice to do it.

Here's how it works: You answer your phone, and the person on the other end of the line states their name, says they're from a customer service department, and asks, "Can you hear me clearly?"...

## Sites of the Month - Great Sites To Check Out In March

### Potato Recipes

[foodnetwork.com](#) – What better way to celebrate National Tater Day (March 31 and, yes, this is a thing) than to gather some new tater-based recipes? Here you'll find all the classics, presented by Food Network's *The Pioneer Woman*, including Twice Baked Potatoes, Potato Soup, Potato Hash, and Scalloped Potatoes and Ham.

### Roger Ebert Movies

[rogerebert.com](#) – If the recent Oscars have you in a movie-watching mood, visit this site to get inspired by the late, great film critic, Roger Ebert. Explore the reviews section, which you can filter by title, date, and more. Or go right to the Great Movies section to find a collection of Ebert's top picks.

### Spring Gardening Checklist

[bhg.com](#) – For gardeners, spring heralds the exciting planting phase. This handy checklist will help you make sure you don't forget any critical tasks including prepping, planting, pruning, and maintenance. Explore the site to learn more specifics like what to prune when, best rose care, or the proper way to weed.

### Bald Eagle At Home

[dickpritchettrealestate.com](http://dickpritchettrealestate.com) – Sometimes the best way to watch nature is from afar. This site allows you to view from home a bald eagle nest in Southwest Florida. Camera #1 is above the nest, looking down into it. Camera #2 is 60 feet from it. Camera #3 captures activity in the nearby pond.

## Short Tutorial/FAQ - Why Do I Need To Update My Wireless Router's Firmware?

---

**Question:** A friend just told me he updated the firmware on his wireless router. I had never considered this, but is it something I should also be doing?

**Answer:** Similar to software on your computer, your router's firmware needs to be updated regularly to repair bugs and vulnerabilities as well as stay resistant to attacks...
